

PROTECTIVE COATINGS & LININGS

Product Name	Type	Description & Use
Ivory 317 Hi Wear	Epoxy wear lining	Epoxy system containing graded ceramic fillers. A wear lining applied at various thicknesses onto plant and equipment to protect against abrasion.
Ivory 317 LV Wearcote	Wear resistant epoxy coating	Protection of steel surfaces from erosion by abrasive liquids and slurries. Brushable viscosity.
Ivory 338 LR	High chemical resistant epoxy resin	Used as a coating or glass reinforced laminate to protect concrete and steel structures and bund areas from chemical attack.
Ivory 340	Solvent free epoxy coating	Protective internal lining of oil and fuel storage tanks. Protection of steel in chemical environments. Vapour proof coating for polystyrene insulation.
Ivory 340 FG	Solvent free food grade epoxy coating	Lining for concrete and steel structures in contact with food or potable water.
Ivory 340/5LV	Low viscosity epoxy resin	Low viscosity penetrating epoxy resin for wood and concrete surfaces.
Ivory 348	Moisture tolerant epoxy resin	Moisture tolerant epoxy resin for use with glass reinforcing, silica fillers or as a primer on high moisture surfaces and under humid conditions.
Ivory 366	Epoxy primer	Zinc Phosphate primer for ferrous metal surfaces.
Ivomastic	Surface tolerant epoxy primer	High solid, surface tolerant anti-corrosive metal primer

FLOOR, WALL & ROOF COATINGS

Product Name	Type	Description & Use
Ivory 400	Polyurethane enamel	Multipurpose chemical and UV resistant urethane. Ideal for floors, walls and G.R.P surfaces.
Ivory 402	Single pack polyurethane	Floor hardener and anti dusting coating for concrete and wooden floors. Protective lining for shutter boards.
Concrecote	Acrylic Coating	A high performance acrylic coating with crack bridging elastomeric properties for the protection of concrete structures.
Stericoat	Anti-fungal acrylic coating	Fully washable, UV resistant, non staining, anti fungal interior and exterior coating for plaster, asbestos and galvanised surfaces.
Supersatin	Water dispersed polyurethane epoxy	A clear tough and scuff resistant water dispersed polyurethane for concrete, wood and epoxy surfaces with a satin finish.
Flowthane	PU/Acrylic water based coating	Clear acrylic dressing for unglazed tiles, concrete surfaces and brick work.
Texture Plast	Skimming plaster	A high performance, user friendly, skimming plaster compound, designed to provide total protection on structures constructed from porous substrates.
Ivocryl	Acrylic duplex coating system	Ivocryl Straw Primer and Ivocryl Top Coat Gloss form a duplex coating system for galvanised surfaces. Extensively used on cellular communication masts and towers.
Ivosheen	Pure Acrylic Coating Based Paint	Ivosheen is a UV resistant finishing paint, formulated to give excellent durability for interior and exterior applications.
Ivoflex HV	Acrylic coating	High quality sheen acrylic coating for roofs or walls.
Flowprime / Flowprime 303	Epoxy priming	Various grades of solvent based and solvent free primers.

GROUTS & MORTARS

Product Name	Type	Description & Use
Ivory 318/30	Epoxy pourable grout	For grouting under machine bases, railchairs and grouting bolts.
Ivory 328	Epoxy tile grout	Water wipeable tile grout for chemical resistant tile joints.
Ivory 328 HC	Epoxy tile grout	High chemical resistant grout.
Ivory Conrep Bondex	Cementitious	A water dispersible cementitious powder used for concrete repair and priming.
Ivory Conrep SF 65	Cementitious grout	Flowable non-shrink cementitious grout for tank and machine bases.
Ivory Conrep Super Plaster	Cementitious mortar	Rapid cure, 30mPa in 24 hours. Ready to use multipurpose repair mortar.
Isocrete K-Screed	Admixture	Strong and quick drying trowel applied proprietary cement sand screed.
Flowscreed Industrial Top	Cementitious	A fast drying, pump applied, cement based floor topping for fast track renovation of concrete floors. Typically installed at ±8mm.
Isocrete Self Level Plus	Cementitious	A fast drying pump applied cement-based underlayment, for levelling of concrete floors before the installation of floor coverings. Can be laid from 4 - 30mm thick.
Isocrete PHS	Emulsion	An ultra low viscosity, solvent free liquid for restrengthening and restoration of failed cement / sand screeds.

ADHESIVES, COMPOUNDS & RESINS

Product Name	Type	Description & Use
Ivory 108	Amido-amine resin	Wet to dry concrete adhesive.
Ivory 301	Epoxy	Underwater curing epoxy available in putty, paste or liquid for patching reservoirs and pools.
Ivory 314F	Epoxy paste	Light weight compound for fairing.
Ivory 315F	Epoxy paste	Fine fairing epoxy paste
Ivory 318	Epoxy liquid	Multipurpose structural liquid epoxy for crack injection, concrete repairs and encapsulation.
Ivory 318B	Epoxy liquid	General purpose thixotropic laminating resin for tank linings, boat repairs and laminating polystyrene.
Ivory 319	Epoxy mastic	General purpose adhesive for bonding steel, concrete, brickwork etc.
Ivory 319 Hi-Bond	Epoxy adhesive	High performance flexible adhesive for bonding all types of steel, including stainless.
Ivory 319 TAQ	Epoxy mastic	Quick-set general purpose epoxy adhesive for industrial tiling and bonding concrete, fibreglass etc.
Ivory 320	Epoxy paste	Unfilled, thixotropic general purpose epoxy adhesive for wood to wood, GRP, steel etc.
Ivory MATRIX LR	Epoxy liquid	High performance resin for glass reinforced composites.
Aquapaste	Epoxy paste	General purpose adhesive and skimming paste. Water wipeable and convenient mix ratio 1:1.
Ivory 312	Road stud adhesive	Fixing 'cats eyes', creating rumble strips, bonding concrete curbs to asphalt.
Flowflex HM	Polyurethane joint sealant	High modular polyurethane joint sealant for concrete and resin screed joints.

INDUSTRIAL FLOORING

Product Name	Type	Description & Use
Flowseal EPW	Water based epoxy coating	Water dispersed epoxy enamel for floors and walls. Available in non slip for wet area application. Ideal for showers, ablutions etc.
Flowcoat 304	Solvent based epoxy	Glossy epoxy enamel for floors, walls and machinery.
Flowcoat SF41 (Hi-Build)	Epoxy coating	Durable, high resistant floor coating. Also available in non-slip and stipple finish.
Flowcoat UV	Polyurethane coating excellent UV protection.	A two pack polyurethane sealer, providing
Flowshield SL 1000	Epoxy self-levelling	Hygienic, self-smoothing epoxy resin floor finish. Applied at 1mm thick.
Flowshield SL	Epoxy self-levelling	An attractive, resilient, hard wearing, self-smoothing epoxy system with a smooth impervious seamless finish.
Flowshield Quartz	Self-levelling	Attractive self-levelling epoxy with a speckled granite looking finish installed at 2mm.
Flowshield ESD	Anti-static self-leveling epoxy	A self-levelling, anti-static epoxy self-levelling topping installed at 2mm.
Flowshield LXP	Polyurethane self-levelling	High impact resistant, tough, self-levelling polyurethane combining good chemical resistance and crack bridging properties. Thermal shock resistant and suitable for use at low temperature.
Flowcoat Cascade	Epoxy / Polyurethane	A colourful, textured or smooth flooring system incorporating coloured quartz and clear polyurethane seal coats for maximum abrasion and chemical resistance.
Flowtex HT	Epoxy screed 6mm	Heavy duty, high chemical and water resistant epoxy flooring system with textured finish in attractive colours.
Flowtex CR	Epoxy screed 6mm	High chemical resistant floor screed particularly suitable for areas exposed to concentrated acids. Also available as a laminating resin.
Peran PTS	Epoxy Screed	Peran PTS is a hard-wearing, uni-coloured resin floor topping made up of natural coloured quartz granules power trowelled and encapsulated in a resin binder. Top coat is finished off with a pigmented seal coat.

COMMERCIAL FLOORING

Product Name	Type	Description & Use
Peran STB Quartz	Epoxy screed	A hard wearing decorative resin floor topping made up of colour stable quartz granules encapsulated in a clear resin binder.
Peran SL Fruity	Self levelling	Glossy, silky smooth finish ideal for a trendy, contemporary environment.
Mondeco Milano	Epoxy terrazzo 5-6mm	Hygienic and durable epoxy terrazzo floor finish containing decorative granite and silica quartz.
Mondeco Crystal	Epoxy terrazzo 8-10mm	A seamless terrazzo containing water-white clear glass aggregates and coloured resin with excellent abrasion resistance.
Mondeco Earth	Epoxy terrazzo 8-10mm	Hygienic epoxy terrazzo floor finish containing decorative granite and silica quartz.

www.flowcrete.com

COMMERCIAL FLOORING CONTINUED

Product Name	Type	Description & Use
Rustik	Stone carpet	Colourful pieces of aggregate are encapsulated in a clear resin to produce an attractive slip resistant floor finish.
Peran Comfort	Polyurethane self levelling	A satin, matt and self-smoothing flexible polyurethane resin floor finish ideal for a minimalist, modern, and contemporary environment.
Flowcem Naturals	Epoxy screed	A hard wearing, self levelling, natural epoxy cement composite. For seamless minimalistic finishes.
FlowSport	Polyurethane sports floor	A composite surface specially designed to create a synthetic flexible sports flooring. It provides a resilient uniform seamless and durable surface for multi-use gymnasium and indoor sports venues.

FLOWFAST METHYL METHACRYLATE (MMA) SYSTEMS

Product Name	Type	Description & Use
Flowfast Quartz/Scatter	MMA topping	A hard wearing, decorative resin floor topping made up of colour stable quartz granules encapsulated in a clear resin binder. Ready for use in 2 hours.
Flowfast Terosso	MMA topping	A hard wearing, decorative resin floor topping made up of colour stable flakes encapsulated in a clear resin binder. Ready for use in 2 hours.
Flowfast Kristalina	MMA topping	A decorative, smooth sparkling resin floor finish ideal for a modern contemporary environment. Ready for use in 2 hours.
Flowfast Metalika	MMA topping	A metallic floor finish containing varying sizes of metallic flakes swept over a resin base coat and finished with a tough resistant sealer. Ready for use in 2 hours.
Flowfast Standard Primer	MMA Concrete primer	Ideal for use on concrete and cementitious screeds.
Flowfast Asphalt Primer	MMA Asphalt primer	A primer specially formulated to cover asphalt surfaces.
Flowfast Ceramic /Metal Primer	MMA Ceramic / Metal primer	Ideal for use on all ceramic and metal surfaces.
Flowfast Damp Primer	MMA Damp primer	Ideal for use on concrete screeds that have a moisture content in excess of 5%.
Flowfast SL	MMA topping	A tough, durable, self-levelling MMA system applied at 1 - 3mm. Available in standard colours
Flowfast Standard Sealer	Sealer	A UV resistant MMA based sealer coat ideal for use with Flowfast floor coatings.

CORROSION PROTECTION SYSTEMS ATB 300®

Product Name	Type	Description & Use
ATB - 300® RC	Shrink free vinyl ester	A roller coat "shrink free" vinyl ester resin based coating system, with excellent chemical and mechanical resistance. Applied between 0.5mm and 1mm thick.
ATB - 300® GL	Shrink free vinyl ester	A hand or sprayed applied "shrink free" vinyl ester resin based glass fibre reinforced lining system with outstanding chemical, thermal and mechanical resistance. Applied up to 3mm thick.
ATB - 300® V-05/H-05	Shrink free vinyl ester	A vertical / horizontal trowelled applied "shrink free" vinyl ester resin based screed system with excellent chemical and mechanical resistance. Applied approximately 5mm thick.

FLOWFRESH POLYURETHANE SYSTEMS

Product Name	Type	Description & Use
Flowfresh MF	Polyurethane resin screed	A self-smoothing 4mm heavy duty, chemical resistant antimicrobial treated polyurethane resin floor. An attractive smooth matt coloured floor finish.
Flowfresh HF	Polyurethane resin screed	A 6-9mm heavy duty, chemical resistant antimicrobial treated polyurethane resin floor screed. Attractive fine textured coloured floor finish with a speckled effect on the surface.
Flowfresh RT	Polyurethane resin screed	An easily applied 6-9mm heavy duty, chemical resistant antimicrobial treated polyurethane resin floor screed. Attractive fine textured coloured floor finish with speckled effect on the surface.
Flowfresh SR	Polyurethane resin floor system	A 5mm heavy duty, chemical resistant, anti-microbial polyurethane resin floor system with a textured finish. It incorporates Polygiene - a performance based anti-microbial which inhibits the growth of bacteria, fungi, mould and mildew.
Flowfresh SL	Polyurethane resin screed	A 2-3mm highly durable, chemical resistant antimicrobial treated polyurethane resin floor. Attractive smooth matt coloured floor finish.
Flowfresh WR	Polyurethane resin wall render	A 6mm heavy duty, chemical resistant antimicrobial treated polyurethane coving and wall rendering mortar. Attractive fine textured finish with a speckled effect.

Polygiene®
Safer to Touch

DECKSHIELD / WATERPROOFING PRODUCTS

Product Name	Type	Description & Use
Deckshield ED & ID	Solvent free polyurethane	Flexible and durable car park decking system available for top deck and intermediate car park decks.
129 Y	Cement Modifier	Admixture for cementitious waterproofing and screed toppings. Improves adhesion, compressive and flexural strength and water resistance.
Flowcem DPM	Cement composite	A three component, technically advanced epoxy cement, self smoothing composite as a surface damp proof under lay.
Ivoflex	Acrylic Waterproofing	Waterproofing system for concrete and metal roofs and flashings.
Conrep Repel	Silane Siloxane water repellent	Waterproofing and concrete brick masonry surfaces.
Hydraseal DPM	Liquid damp proof sealer	A two component, solvent free, epoxy resin liquid applied surface damp proof membrane.

CLEANING CHEMICALS

Product Name	Type	Description & Use
Concrete Etchant	Acid cleaner	Concentrated acid cleaner and etchant for masonry and concrete surfaces.
Kwikshine	Acrylic sealer	Protective and decorative dressing for linoleum, vinyl, plastic rubber, sealed cork, concrete, slasto, terrazzo and asphalt flooring systems.
Galvprep	Liquid Detergent	Specialised cleaning solution for galvanised iron.
One Shot	Liquid Detergent	Industrial caustic based floor cleaner. Ideal for removing fat, blood, oil etc.
Remove	Liquid Detergent	Highly concentrated, versatile, free rinsing liquid detergent with good grease cutting properties.
W.S.B.C	Solvent	Water miscible free rinsing tool and brush cleaner and conditioner.
